

Certificate IV in Horticulture

RTF40103

This is a nationally recognised qualification at an introductory level, focusing on a wide range of skills required by staff in the horticulture industry. The Local Government Training Institute (LGTI) has developed this program to offer flexibility with ongoing support. To gain the certificate, participants can combine recognition of current work-related skills and knowledge with structured learning and assessment to enhance their capabilities in areas important to their organisation and their career.

The certificate will provide participants with general skills such as OH&S as well as more specific work-related skills relating to knowledge of plants, soils, the control of pests, diseases, weeds and the safe use of chemicals and their chosen elected horticultural field.

Duration

It will normally take 2 years to complete the learning and assessment for this qualification.

Course Delivery and Support

Participants undertake this qualification in their workplace. They receive appropriate support and assistance from qualified trainers at the Local Government Training Institute, such as coaching in the work environment and/or face-to-face training.

At the start of the program, participants are given learner's guides, reading materials, work based projects, self-assessment checklists and appropriate assessment tasks.

They are contacted regularly by the Local Government Training Institute staff to offer support and maybe visited in the workplace to monitor their progress and assess their skills. Phone and email support is available at all times.

Incentives

Incentives may be available for eligible staff as a New-Entrant or Existing Worker Traineeship. Further details on available incentives are available from an Apprenticeships Centre in your area, for information and contact details visit <http://www.australianapprenticeships.gov.au>.
