

Perform Cardio Pulmonary Resuscitation (CPR)

Participants will gain the skills and knowledge required to perform Cardiopulmonary Resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

This course is suitable for new learners, or those wishing to refresh their skills in CPR. Participants will complete a combination of theory and practical, and includes written assessment tasks.

Regular public courses are conducted at our Thornton training centre, or our trainers can come to your site.

DURATION: 3hrs

LEARNING OUTCOMES

By the end of this course, participants will be able to:

- Respond to signs of an unconscious casualty
- Perform CPR
- Communicate details of the incident

ACCREDITATION

At the completion of this workshop, the participants will be able to meet the requirements of the unit "HLT CPR201A – Perform CPR" from the nationally accredited Health Training Package (HLT07).

Upon successful completion of all assessment tasks, participants will receive a statement of attainment for this unit, in partial completion of a Certificate III in Basic Health Care (HLT33107).

CPR skills must be refreshed every 12 months
